### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance:

The prior art, either alone or in combination, does not disclose or render obvious a plurality of cores each core having a first core end surface exposed at said first face and a second core end surface exposed at said second face, each core constituting a continuous optical path extending from said first core end surface to said mirror surface, changing in direction at said mirror surface, and extending to said second core end surface, wherein said first core end surfaces and said second core end surfaces are arranged one-dimensionally or two-dimensionally at said first face and said second face, respectively; and a first positioning member positionally adjusted relative to optical axes of said first core end surfaces for positioning said first external component relative to said first core end surfaces by engaging said positioning member in combination with the rest of claim 1.

It is noted that the claim 1 is allowable because the unique combination of each and every specific element stated in the claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
